GOVERNOR CALLS FOR STATEHOOD WORKERS

Proclamation Issued by Acting Executive Calling Meeting at Santa Fe Nov. 30.

PASSAGE OF BILL ALMOST ASSURED

Strong Non-Partisan Delegation Will be Selected to Go to Washington to Aid Governor Curry in His Fight.

Santa Fe, N. M., Nov. 23.—(Special.)—As the result of a telegram received at the executive offices here today, Nathan Jaffa, territorial secretary and the acting governor, today issued a proclamation calling upon the people of New Mexico to send representatives to the capital for the purpose of perfecting a statehood organization for New Mexico and naming a delegation of prominent citizens to go to Washington and work for statehood there.

It is understood here that Governor Curry requested the issuing of the proclamation, preferring to have the people notified of such plans at once.

The acting governor stated today that from the advice he had received, Governor Curry believed that statehood would be given New Mexico within a short time.

The proclamation issued today is as follows:

Executive Office, Santa Fe, N. M., Nov. 23, 1907.

"To the People of New Mexico:

"Information has been received today from the national capital to the effect that the prospects for the attainment of New Mexico to statehood this winter are encouraging. Governor Curry is enthusiastically confident of success if the people of the territory will unite and earnestly place their demand for recognition before congress. I therefore call upon the representative men of the territory, irrespective of party, who are interested in the statehood question to meet in the city of Santa Fe on November 30, 1907, at 2 p. m., for the purpose of organizing and launching a strong statehood campaign and for the purpose of selecting a non-partisan delegation of representative and able men to go to Washington and present to the incoming congress New Mexico's claims for admission to the union.

"You are therefore urged to be present at this meeting and to take an active part in the statehood movement, and to have the honor to be, "Respectfully yours,

"NATHAN JAFFA, "Acting Governor of New Mexico."

CHICAGO PROBING A MILK COMBINE

Chicago, Nov. 23.—On the basis of the present prices of milk and cream in Chicago, consumers will pay \$3,500,000 annually more than before the recent advance. Assistant States Attorney Barbour has said if the combine has conspired to boost the price of milk, the punishment ought to be proportionate to the increased profits to the conspirators. An inquiry will be made.

RUSSIA HAS PAID ALL OF HER WAR DEBT TO JAPAN

Last Installment of \$24,000,000 Received by Japanese Embassy Today.

London, Nov. 23.—Russia today wiped out the balance of her indebtedness to Japan arising from the Russo-Japanese war, by handing to the Japanese embassy here, a check for \$24,000,000. This sum represented the balance due for the maintenance of Russian prisoners by Japan.

In the treaty of peace it was provided that Japan should have full compensation for the Japanese prisoners whom she had captured, and as she had taken in nearly all the troops sent against her, the account was a big one.

Russia has made regular payments, however, until the debt is now finally wiped out. The payment today was one of the smallest made, it being the balance left after a payment several months since.

WHAT SHALL BE DONE WITH DESTITUTE CHILDREN

Mass Meeting at the Opera House Tomorrow Night For Everybody.

SPLENDID PROGRAM WILL BE RENDERED

The question of what to do with the delinquent children and the unfortunate and neglected little ones of this territory has been one of those who are engaged in elementary work that the pastors of the city have called a union meeting to be held at the Elks' opera house tomorrow night at 7:30 o'clock to discuss the problems connected with a wise and systematic plan to deal with the question. A notable program has been arranged in which a number of prominent citizens of the territory will take part. Acting Governor Jaffa has promised to be present and speak on the subject of the territory's interest in the children, if Governor Curry reaches the capital in time for him to get to the city on Sunday's train.

The Program. Among those on the program the following will speak on special subjects: Dr. Fletcher Cook, pastor of the Episcopal church, will speak on "The Child in the Courts"; Dr. Hugh A. Cooper, pastor of the Presbyterian church, on "The Child on the Streets"; Dr. John A. Shaw, of the Baptist church, "The Child in the Home"; Dr. Charles E. Lukens will speak on "Neglected Children in the Territory."

Dr. John C. Rollins, pastor of the Methodist Episcopal church, will conduct the exercises as president of the ministers' alliance. A chorus of children's voices, 100 strong will sing, and Mrs. S. B. Miller will sing a vocal solo. F. E. Keraman will give a whistling solo. This service for the consideration of this matter which one of the judges of the district courts of this territory has denominated as the most vexing of our social problems, is a step in the right direction and the churches are to be congratulated on taking up the question. It is a meeting which should be largely attended by our citizens.

POPULIST NATIONAL COMMITTEE TO MEET

St. Louis, Ill., Nov. 23.—The populist national committee will have a conference in St. Louis November 26, which may result in fixing the time and place for their convention in 1908, and the renomination of Tom Watson of Georgia.

National Chairman Ferriss denied today that an alliance is being arranged with the Independence League of Prohibitionists, but added:

"We feel individually as friendly to either as we do to Bryan or to Roosevelt. We are pleased that they are going our way and would be more pleased if they would go further."

Ferriss said Bryan will be center in the banking matter when he proposed that the government guarantee bank deposits.

LLEWELLYN OUT LEAHY GETS JOB

Assistant Becomes U. S. District Attorney of New Mexico.

OTHER CHANGES IN OFFICIAL CIRCLES SOON

Washington, Nov. 23.—(Special.)—Major W. H. H. Llewellyn, U. S. district attorney of New Mexico, today tendered his resignation to President Roosevelt and it was accepted.

David J. Leahy, assistant U. S. district attorney for New Mexico, who was reported to have been appointed to succeed A. B. Fall, as attorney general of New Mexico, was appointed to succeed Major Llewellyn.

These changes were made as the result of a lengthy conference with the president. Major Llewellyn, who has been under a political fire of opposition in New Mexico, stated that he preferred to retire from the office.

President Roosevelt immediately assigned him to a higher position in the department of justice. Another important change in official circles in New Mexico will take place, it is stated, by the resignation of Morgan Llewellyn, surveyor general, about January 1st. It is said that Morgan Llewellyn will remove from Santa Fe to Las Cruces and take up the practice of law.

Following the announcement of these changes the president spent several hours in conference with Governor Curry, Solicitor General Hoyt, who will visit New Mexico with the governor, Major Llewellyn and Captain Leahy. All lunched with the president at noon today at the White House.

It was also authoritatively stated that Messrs. McKim and Holcombe, special officials of the attorney general's office, will return to New Mexico as witnesses in the Phelps-Dodge land cases after which they will sever connections with New Mexico affairs.

These changes in the official circle in New Mexico did not come as a surprise here. It was generally understood that Major Llewellyn would be offered another position since he has been so bitterly assailed in his position he recently held. The matter was laid before the president fully and discussed thoroughly.

The president accepted the recommendations of the republican leaders in New Mexico in the course he pursued and the action taken was favored by all concerned.

Governor Curry stated after leaving the white house that the arrangements made were thoroughly satisfactory to him. Major Llewellyn will receive a more lucrative position.

The successor to Morgan O. Llewellyn as surveyor general has not been decided upon but it is understood the recommendations of the republican leaders will be acceptable to the president.

Captain D. J. Leahy, the new United States district attorney, is a republican, formerly a captain in the rough riders and one of the ablest attorneys in New Mexico. His home is at Las Vegas.

MINE PROMOTERS HOPE FOR LIGHTEST SENTENCE

Still Believe They Will Secure New Hearing in the Lost Bullion Spanish Mines Case.

JUDGE EXPRESSES PITY FOR CHILDREN

Tells Defendants That He Has Never Had so Hard a Question to Decide Owing to Innocent Ones Who Will be Involved.

Denver, Colo., Nov. 23.—If a new trial is not granted them and they have not the money to appeal, the men convicted of the lost bullion frauds which concern an alleged mine near Silver City, N. M., have the remarks made by Judge Lewis yesterday morning to give them hope that they will get off with a slight sentence. Judge Lewis declared that the defendants themselves, all intelligent men, deserved no sympathy, but that were wives and children who must bear the brunt of their trouble and for their sake leniency would have to be considered.

"This is the most unpleasant task that I have ever had to face," he stated when Attorney Franklin concluded his preliminary argument.

"The great burden to me all along has been what can or should be done under the facts of the case, but as to the question of leniency. The defendants are all intelligent men and there is no excuse to be offered for them. But I have noticed all during the trial that women have been present who are said to be related to the convicted men. I have also been informed that there are 19 children to bear the stigma of sentence.

"Punishment must be slight. The punishment I have to mete out to such men under such circumstances must necessarily not bear so much on the strict and character of these defendants' wives and children, but as to duty and the burden I have to bear, and the severity of the sentence I do not know at the present time. That will be determined later."

Other statements made by Judge Lewis in regard to important points brought up by Mr. Franklin to the effect that he was inclined to think that he had made some of the errors claimed and buoyed up the hopes of the convicted men.

Arguments Concluded. The arguments in the case were concluded yesterday afternoon and the court gave Mr. Franklin until Dec. 26 to file a brief. He ordered the defendants to appear in court on that date.

United States District Attorney H. P. Bone, of Kansas, who has been conducting the arguments for the government with Special Assistant Attorney General Knaebel will have to leave for home today. He will not return. Mr. Franklin's brief will be sent to him and he will answer in brief.

Knaebel stated yesterday that if he and his fellow defendants could not make a deal with the government, should Judge Lewis deny the motion, E. W. Sebben, it is said, will make no further efforts to gain his freedom, should Judge Lewis decide in favor of the government but will throw himself on the mercy of the court.

On Wrong Course. Throughout the hearing of several days Judge Lewis has pointed out to Attorneys Franklin and Tedrow that they have taken wrong steps in their attempt to gain error in the United States court, and when he consented to postpone the case he thoroughly reviewed what may be considered error in his court, explaining to the counsel that the pitfall of the line of arguments that has been pursued will mean a waste of time.

KILLS WIFE, FIRES HOUSE AND SUICIDES

New York, Nov. 23.—A wife murderer and suicide was discharged early today by firemen called to subdue a blaze in the home of Nick Smith, a wealthy manufacturer of New Rochelle, that the firemen burst into the house, they found Smith and a young wife dead, each with a bullet wound in the body.

Mrs. Smith had been shot in the breast. The bullet which killed Smith, entered his head just behind the left ear.

Beside his body was a revolver. That Smith killed his wife, fired the house to conceal the crime, and then killed himself was proven by a note found in the room.

SHE THREW CHILD FROM CAR WINDOW

San Bernardino, Cal., Nov. 23.—Miss Louise Williams, a pretty 19 year old girl, was arrested at 10 o'clock last night for throwing her small baby from a car window on the Santa Fe flyer near here Thursday evening. She confessed the crime, but exhibited no emotion. The child was found by a tramp, lying in a mudhole beside the track, but it died a few hours later.

Consuelo is Sending Her Friends Photos of Herself in Full Regalia of Rank

DUCHESS CONSUELO IS BESTOWING HER FAVORS

She Sends American Friends Photos of Herself in Full Regalia.

DOES NOT LIVE WITH MARLBOROUGH, HOWEVER

New York, Nov. 23.—Consuelo Vanderbilt, duchess of Marlborough, now in New York, has been giving them photographs of herself in the full regalia of her rank. The picture was taken in London this fall. A larriat of pearls entwined around her neck looms strong in the display of jewelry. Consuelo is known in England as "the best-dressed American duchess."

As in a majority of the international marriages, this match brought opulence to the noblemen, title to the bride, and happiness to neither. The duke and duchess have lived apart for many months. All need a communication between them is conducted through lawyers. That way, for instance, they arrange for the education of their sons. While the duchess is visiting friends in this city, the duke, according to a report just published, is spending a good deal of time giving dinners to the vicar and others of his neighbors, and treating them in a most friendly fashion, with the evident intention of persuading them that reports current concerning his violent temper are not true.

Leeds Near Death. New York, Nov. 23.—The condition of William B. Leeds, who suffered a stroke apoplexy Wednesday, is serious.

RUSSIA WANTS WOMAN WHO THREW BOMB AT SKALON

She Is Now Fighting Extradition at Vienna Having Escaped to Austria.

Vienna, Austria, Nov. 23.—Wanda Dobrodziaka, the woman who threw a bomb at General Skalon, governor of Warsaw, has been brought from Cracow to Vienna, where her trial on the demand of the Russian government for extradition, will take place. After her beauty attracted many admirers, one of whom, an Austrian, she married. If the court decision is against her, she will lose both her husband and her life.

There is little likelihood of extradition being refused, as the Russian authorities claim to be able to prove that the woman is certainly the one who threw the bomb and attempted murder is an extraditable offense between Austria and Russia.

In case she is taken back to Russia for trial, there is but one death result for her and that is death at the hands of the hangman.

TWO HOURS TO READ ONE HYPOTHETICAL QUESTION

Experts in Bradley Case Must Have Long Memories When the Query Is Proposed.

PROSECUTION FIGHTS PLEA OF INSANITY

End of Famous Case Must Come Soon Despite Length of Sanity Investigation—Both Sides Will Rush Evidence Rapidly as Possible.

Washington, D. C., Nov. 23.—The attorneys on both sides of the Bradley case were engaged today in preparing for what all hope will be the last week of the famous murder trial. The defense was putting the finishing touches to a hypothetical question which will be proposed Monday at experts summoned to testify as to the defendant's sanity or insanity at the time she shot Senator Brown.

The more reading of this question, containing over 12,000 words, will consume two hours.

The prosecution will combat all contentions as to insanity at the time of the tragedy, and will seek to show that Mrs. Bradley was not only responsible but that all her acts were deliberate, and that she came to Washington with the avowed purpose of compelling Senator Brown to marry her or of killing him.

With the expert testimony out of the way, the rebuttal testimony and arguments will be almost certain to carry the case over into the first week of December.

Little Remains. When the court adjourned Friday, the defense had practically completed its presentation of proof, very little remaining except the testimony of experts who will be introduced for the purpose of showing that when Mrs. Bradley shot Senator Brown she was insane.

The day's proceedings in the case were devoted largely to what may be designated as odds and ends in the shape of testimony. Mrs. Bradley's mother was recalled for the purpose of clearing up a point; several more of the state lake witnesses were examined as to the conduct and bearing of Mrs. Bradley in that city; Mrs. Bradley's uncle, Lyman Shrubbery of California, told of instances of insanity and eccentricity in Mrs. Bradley's family. Judge Henderson, Senator Brown's law partner, narrated interviews with Mrs. Bradley relative to her intention of coming to Washington, and a number of Brown's letters to Mrs. Bradley were read. The reading of the letters furnished the most interesting incident of the day. They were filled with mingled protestations of love and reproaches for interest in other men and they stirred Mrs. Bradley to deep emotion. She listened eagerly to the reading, and, closing her eyes, seemed entirely lost in the memory they awakened. The defendant was not in buoyant mood during the day. Her manner was dejected, her speech infrequent and her face pale. Evidently there had been a reaction after the conclusion yesterday of her testimony. She looked as if she had had a sleepless night.

She was not so depressed, however, that she did not laugh over the testimony of her uncle indicating that her aunt had been jealous of him.

Fire Dancer Drops Dead on Stage. New York, Nov. 23.—A dispatch from Berlin says that Papina, the fire dancer, dropped dead of apoplexy on the stage at the Apollo theater in Düsseldorf, Germany, Thursday night.

SALOONS MUST CLOSE ON SUNDAY IN CHICAGO

Forceful Attempt to be Made by Temperance Workers to That End.

Chicago, Ill., Nov. 23.—A most forceful attempt to close saloons ever made in Chicago will begin tomorrow. All over the city temperance workers will gather evidence of violation of the law. Saloon men talk of seeking an injunction against the interference with their open Sunday privileges.

The Illinois state law forbids the opening of saloons from midnight Saturday until the same hour Sunday and a Chicago ordinance forbids saloons being open after midnight until 5 o'clock in the morning, and also on Sunday.

It is believed that a strong attempt will be made to carry a prohibition clause at the next election which will do away with the saloons of Chicago. An unusual amount of violence of late months is responsible for much feeling against the element which controls the saloon trade in the city.

EDITORIAL WRITER SHOOTS EMPLOYERS

Kansas City, Mo., Nov. 23.—Richard C. Horne, an editorial writer on the Kansas City Post, shot and seriously wounded O. D. Woodward, manager of the Willis Wood theatre, company, and slightly wounded E. J. Groves, managing editor, in the latter's private office today.

The Post has been cutting down its editorial force and this morning discharged him. When Woodward came to the office Horne, without a word, shot him in the chest and after he fell to the floor, fired two more shots into his body. Groves was shot as he fled from the room.

Woodward is one of the best known theatrical men in this part of the country.
